Other Notes

We have delayed the start time given the prevailing conditions in order to allow entrants coming from further afield to make their way to the start in good time.

Due to the lack of a "Shooter", we are using a "Hooter"! Please also observe the flags flying from the Committee Boat. Starting signals will be exactly in time with BST, which gives you the ability to check your own time via smartphones since the majority of these are also synced.

Please keep a listening watch on **VHF channel 6** during the starting sequence and at all times in case we need to amend the course during the race.
